Greetings! I am sitting here typing this list on the closing date of our recent auction. What an exciting time this has been for us. Response to our auction was overwhelming. We ran out of catalogs three weeks ago, and the requests kept pouring in, so we had to resort to mimeographed sheets listing the lots. And the bidding has been extremely strong and extremely competitive, indicating a market far more active than we anticipated. We understand that the US market is off now, so perhaps this heralds a period of greatly heightened activity in the foreign coin market. It certainly seems that way from what we've been hearing from some of our associates and from what we have just experienced with our own mail bid sale, and we could be heading into a very busy season. It has been several months since we have had a list out. As you can imagine the auction kept us very involved for quite a while. As a result, this latest Sierra list contains quite a lot of new material including groups from three different collections we have purchased in the last few months, plus two interesting consignment groups. We hope you enjoy looking through this latest offering, and we'll look forward to hearing from you.

Stop by and see us at C.O.I.N. in Los Angeles in June, and at the Cincinnati ANA.
